The City of Roeland Park, Kansas Public Works Department is accepting applications for a highly motivated and highly skilled individual for the position of Equipment Operator. This position will assist in all duties as assigned by the Superintendent and/or Director of Public Works. If you like to work in a positive team environment where your efforts and contribution are acknowledged and appreciated, please consider submitting an application. We are a value driven department seeking individuals who understand: Integrity, Dedication, Customer Service, High Expectations, Adaptability

The preferred candidate must have two years previous public works experience in street maintenance, concrete repair/finishing, traffic maintenance, equipment operation experience, and the ability to assist with snow removal operations. The Equipment Operator must also be able to communicate and coordinate with the Public Works team, the public, utilities, and contractors in a professional and responsible manner. The City of Roeland Park offers competitive pay, a rewarding work environment, and excellent benefits. Please visit [www.roelandpark.net](http://www.roelandpark.net) to view a detailed job description and application materials. EOE/ADA
